Forecast For Scotland
Issued by Met Office Aberdeen
at 1600 on Sunday 12 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Severe gales Northern and Western Isles for a time.

This Evening and Tonight:
Cloudy with some patchy rain, briefly heavy in northwest, turning clearer with a few showers overnight. Becoming windy with coastal gales, severe for a time across the far northwest tonight and then the Northern Isles later in the night.

Monday:
Severe gale force winds over the Northern Isles early in the day. Sunny spells, with blustery showers, the showers mainly in the north and west.

Outlook for Tuesday to Thursday:
Heavy rain in the northwest on Tuesday, but drier spells in south and east. Mild and windy. Rain moving south on Wednesday and weakening, north brightening. Thursday mainly dry.
